

Room 115: 4th Grade Assignments for May 5th - May 29th

Notes From:	Notes:
Ms. Chan (Math)	<p>Students are to complete the assignments from Pearson Realize, 70 Freckle problems a week, and 3 rounds of XtraMath a day (or Blue Streak for students who have Blue Streak accounts).</p> <p>Like the assignments before this, students will have the option to complete Practice Buddy on Pearson Realize or download the PDF files (also located on Pearson Realize). Work completed on the PDF files (located on Pearson Realize) must be submitted through Google Classroom and not by email. Do not submit/upload work from their math textbook. Online assessments can only be completed online. If you choose to have your child complete the PDF assignments, please have them complete the online assessments on Pearson. The “playlist” title on Pearson Realize for the Practice Buddy assignments is “<i>Room 115: Practice Buddy Assignments for May 5 - May 29.</i>” The “playlist” title for PDF Files on Pearson Realize is “<i>Room 115: PDF File Assignments for May 5 - May 29 (Another Option).</i>” Please select one option or the other. For example, do not choose Practice Buddy for Lesson 10-1 and then complete PDF files for Lesson 10-2.</p> <p>Students will use the textbook with me on Google Meet. We will do one lesson and practice together from their textbook, and then they will work on that same lesson on Practice Buddy/PDF files independently (or with some guidance from you).</p> <p>A digital version of the book is available if you did not get a chance to pick up the hard copy (Watch this video to pull up the digital book: https://www.loom.com/share/7ba170f6129b4026a219a2877d759a9d). Math textbook work will NOT be submitted to me since we will be completing it together on Google Meet.</p> <p>If you have any questions or concerns regarding math, please email me at hchan@cps.edu.</p>
Ms. Bonga (English Language Arts)	<p>We will continue to read articles and stories in Storyworks. Students need to come prepared to share out class assignments during our face to face class time. Also we will have weekly Newsela articles and quizzes to complete for homework and daily Raz Kids reading and quizzes to take in lieu of our weekly reading log and response questions. I will post all work on Google Classroom and students will complete the Newsela quizzes on a Google Form. Please do not email any classwork during 4th quarter. It needs to be completed and submitted on Google Classroom or online (Raz Kids or Freckle). Students will also take Storyworks quizzes online in Google Classroom.</p>
Ms. Chueng (Science/Writing)	<p>We will continue to focus on different forms of energy (heat, light, and sound) and energy transfer for science, and for writing, we will focus on paragraph structures.</p> <p>Upcoming Assignments</p> <p>All assignment materials and instructions will be posted in Google Classroom, and should also be turned in through Google Classroom and NOT through email unless otherwise specified. If you prefer printing out and completing work on paper, the Google Classroom app is very helpful. The app can be downloaded to Android and Apple phones and tablets. You can take pictures or scans of your work on your device, and then upload them directly to Google Classroom using the app.</p> <p>Below are the just the assignments that students should complete and submit. There will be supplemental projects and assignments that don't need to be turned in. Due dates in Google Classroom are there to keep students on track, but work can be submitted late with no points taken off.</p> <p>May 5-8</p>

	<p>NEWSELA - "The Water Cycle" Reading, Quiz and Write</p> <p>Topic Sentence Practice Exercises</p> <p>Thermal Energy Paragraph</p> <p>May 11-15</p> <p>Freckle - Sound and Light in Nature</p> <p>Mystery Science - What would happen if you screamed in outer space? Assessment</p> <p>NEWSELA - "Sound, Explained" Reading, Write and Quiz</p> <p>May 18-22</p> <p>Read SuperScience - "Plastic Sounds"</p> <p>"Plastic Sounds" - Write a Poem</p> <p>Writing - compare and contrast structure practice</p> <p>Plastic vs. traditional instruments compare and contrast paragraph</p> <p>Read Chapter 14, Lesson 1 - What Is Sound & Lesson 2 How Is Sound Made</p> <p>May 26-29</p> <p>Chapter 14, lesson 1 workbook page</p> <p>Chapter 14, Lesson 2 workbook page</p> <p>NEWSELA - "How dolphins communicate with whistles and clicks"</p> <p>Sounds in a Day sequential paragraph</p>
